

(as of 30 Dec 2008)

National Capacity Self-Assessment (NCSA) for Global Environmental Management

Project Description	The project aims to identify capacity gaps and to develop an action plan for stakeholders at all levels to facilitate the implementation of obligations under three international environmental conventions: United Nations Framework Convention on Climate Change (UNFCCC), Convention on Biological Diversity (CBD), and United Nations Convention to Combat Desertification (UNCCD).
Project Document	The project is related to Outcome 2 in the Country Programme Action Plan: Increased capacity of national focal points in addressing policy and removal of barriers in pursuing local sustainable management of natural resources and environment in selected ecosystems and promotion of area-based renewable energy application.
Corporate thematic area	Environment and energy
Status of the project	On-going
Location	Thailand
Period of the project	May 2008- May 2009 (12 months)
Name of UNDP Programme Officer	Ms Phansiri Winichagoon
