**Enabling Activities for the Preparation of Thailand's Second National Communication to the UN Framework on Convention of Climate Change**

Project Description	The project is aimed at enabling Thailand to prepare and submit its second national communication report to the UNFCCC and meet its Convention obligations. It is also aimed at enhancing the country's technical and institutional capacity to bring climate change concerns up to the level of national sustainable development priorities.
Project Document ID 48011	The project is related to <u>Outcome 2</u> in the Country Programme Action Plan: Increased capacity of national focal points in addressing policy and removal of barriers in pursuing local sustainable management of natural resources and environment in selected ecosystems and promotion of area-based renewable energy.  <a href="http://www.undp.or.th/resources/cpandpd.html">For the full project document, please go to http://www.undp.or.th/resources/cpandpd.html</a>
